Joyous Greetings and Welcome to Lake Junaluska!

On behalf of the Executive Committee and the Western North Carolina site committee, I welcome you to the 39th Annual Conference of PAUMCS. This may be somewhat confusing as we are celebrating the 40th anniversary of PAUMCS, however we were not able to meet in 2020 due to Covid. I am grateful we are able to gather together in-person once again

If this is your first conference, we are pleased and honored that you chose to attend. You will find this to be a grand opportunity to meet new friends, learn about new ideas and worship with co-workers from within the United Methodist structure.

We are encouraged by our returning attendees as we strive to carry out the mission of PAUMCS, along with the renewed friendships formed through our connection within the United Methodist Church.

The theme for this conference is Refresh, Renew, Restore. Our speakers will share and encourage us with Restoration through Reconciliation, Pursuing Renewal through Spiritual Transformation, a Refresher course on United Methodism and Renewing Refreshing and Restoration through Laughter. During worship we will remember those who have passed onto glory since our last conference and celebrate with the Certification Class of 2021.

The Western North Carolina site committee has chosen the Haywood Street ministry as our Mission focus. Haywood Street offers weekly worship, a clothing closet, a community garden, a free community lunch and a safe place of respite care, for folks on the margins of society. Your support is greatly appreciated.

While you are here, I pray that you are refreshed, renewed and restored through our learning sessions, worship and shared fellowship. When the conference is done, please take us back with you and share with others your new knowledge and our connection through PAUMCS. We need all of you to help us continue for another 40 years.

Abundant blessings,

Rhonda G. Ramsey

Advanced Certified United Methodist Administrator
PAUMCS President
