

March 2023

Greetings Friends!

Welcome to the 2023 Annual Conference of the Professional Administrators of United Methodist Connectional Structure (PAUMCS). The Minnesota chapter has been hard at work to put together a joyful time of fellowship and worship for you this week.

Twenty-two PAUMCS members were certified through the PAUMCS Online Certification program last year. They are a diverse class and began work on June 1 and finished with group presentations such as “Dude@ Where’s My Form?” as well as “Staff/Volunteer Turnover and the Impact on the Church” as well as. All of the presentations were excellent because they were very interesting and educational for our connection. It was so uplifting to connect with this class virtually. We celebrate the class of 2022 for their hard work.

The Advanced Certification Class is scheduled for July 23-26, 2023, in Nashville, Tennessee at our GCFA Office in the Denman Building. The link to register is found on the website under the Online Certification tab.

Thank you for being a part of this great organization. I look forward to the fellowship and sharing of great ideas to grow us individually and as an organization.

“Two are better than one, because they have a good reward for their toil. For if they fall, one will lift up his fellow”. Ecclesiastes 4:9-10

Sincerely,

Tammie Ruffle
External Relations Specialist
General Council on Finance & Administration
